Join the pilot interactive online course:  
“INTEROPERABILITY ESSENTIALS”

The training consists of three separate modules, each for a different target group :

- Module 1 - managers of public organizations,
- Module 2 - experts working in public organizations,
- Module 3 - developers of administrative information systems.

Anyone can join the free pilot training. Its purpose is to obtain feedback from the target groups and measures to be implemented to improve the course before its real premiere.

Through the questionnaires preliminarily set in the course the participants will be able to give their opinion and comments for the product improvement.

EACH PERSON HAVING COMPLETED THE COURSE AND THE QUESTIONNAIRES WILL  
RECEIVE BY MAIL  
A CERTIFICATE FOR COMPLETED TRAINING
